Red Wing, MN, November 08, 2012, 2:50 pm -- [/EPR NETWORK/](#) -- [Red Wing Software](#), Inc. has announced the offering of data transfer service to its new customers from non-Red Wing software accounting software applications.

Customers who are new to Red Wing Software can rest easy, knowing the Red Wing Software support team will help them through the process of bringing in their master record files from their prior system into Red Wing Software's CenterPoint Accounting Software application. This also includes vertical applications CenterPoint [Accounting for Agriculture](#), Nonprofits, and Municipals, and CenterPoint [Payroll Software](#). The cost of data transfer service varies and is done at \$125 per hour.

Red Wing Software's current customers have always enjoyed the benefits of the support offered by Red Wing Software for transferring data between the company's programs, and will continue to receive the option for this service.

For more information about Red Wing Software data transfer services or [accounting software](#) products, visit www.redwingsoftware.com, contact Red Wing Software at 800-732-9464 or e-mail info@redwingsoftware.com.
