PlanEscape is releasing an E.P. including 5 songs which are a part of their first album named after the Band's name, PlanEscape.

PlanEscape is the sound of a band coming of age. It is a warm and live-sounding collection of classic but contemporary Post-Brit Rock. The new E.P. includes soaring strings, uplifting harmonies, and soulful lyrics. There are nods of electronic as well as oriental influences as the band experimented with different instruments including oud and bouzouki.

You are welcome to visit our new website:
