Austin, Texas, May 20, 2015 -- [/EPR NETWORK/](#) -- Moxie Realty Group LLC hosts "So . . . You Want to Buy a Fixer" at TreeHouse

On Thursday, May 28, Moxie Realty Group LLC, along with co-hosts TreeHouse, Austin Title, and Austin Inspection Services bring you an evening of the truth about what to expect when you buy a property and fix it up.

This is the second time this year Moxie has worked to provide a great forum for learning about the pitfalls, plateaus, and pinnacles of fixing up a property. From finding a property, to getting financing, to getting the work done—this candid group of professionals, including a renovation financing expert, will provide information and answer questions about what it takes.

Justine Smith and Mishell Kneeland, also known as the Moxie Ladies, have both been involved in extensive renovations projects—Justine was even featured on an episode of Flip That House for moving a home from South to East Austin—and will share their different perspectives on renovation tolerance. "I was lucky," Kneeland says, "I only had to please myself. Justine and her husband had to agree on what to do, and had to do it while keeping toddlers out of wet paint!"

The renovation loan specialist will share important financial considerations and timelines. Whether you want to buy a fixer for your own home, or as an investment, there is a renovation product available for you.

One of the great things about fixing up a home is that you can make some truly eco-friendly decisions, and have a chance to put your own stamp on your home. There is nothing like having the freedom—whether your style is

minimalist or over-the-top. Kneeland's home "office," which she calls her "Chinese jewel box," features red lacquered cabinets and a black chandelier she brought back from a trip to Amsterdam and beautiful light fixtures she shipped from a trip to Marrakech.

Come for the refreshments and door prizes and leave with your own renovation plan. Come early and browse the wonderful products available at TreeHouse

Austin, TX 78745

We can help you figure out if a fixer is the answer for you!

- *How do I find a fixer?
- *What do I have to do to get ready to put in an offer?
- *How much work can I really do?
- *How much does that really cost?
- *How am I going to pay for it?
- *What is REALLY involved in the process?

Talk to professionals with experience in renovation, finance, and real estate!
