Press Release Summary = Ten JAFCO foster children in Fort Lauderdale will be provided free dental care by Smile South Florida Cosmetic Dentists.

Press Release Body = BOCA RATON, FORT LAUDERDALE, and MIAMI, Fla, March 20, 2007 – Ten foster children in Sunrise, Fla., soon will sport sunnier smiles, thanks to the cosmetic dentists at Smile South Florida.

Smile South Florida Cosmetic Dentistry has joined forces with Jewish Adoption and Foster Care Options, Inc. (JAFCO) to provide complementary dental care for 10 foster children. The dentists also will take care of any dental emergencies that may arise.

JAFCO provides foster care and rehabilitation for at-risk children in South Florida. JAFCO Executive Director Sarah Franco said they were thrilled with Smile South Florida's offer. "We'll use (their services) to treat children who come to our emergency shelter directly after being separated from their parents. I know the children will be grateful, just as JAFCO is very, very grateful."

Smile South Florida Cosmetic Dentist Dr. Charles Nottingham noted healthy teeth play an important role in a person's overall health. "We want to help JAFCO and the community in best way we know how, and that's dentistry," said Dr. Nottingham.

"My wife is a strong advocate for children, I'm happy we finally made the connection with JAFCO," said Smile South Florida Invisalign® Dentist Dr. Kenneth Anenberg.

Franco noted this would be the first dental experience for many children participating in the project. "We definitely believe children are the responsibility of the entire community; a belief also held by Smile South Florida, as evidenced by their most generous offer."

With practices in Boca Raton and Tamarac, Fla., Smile South Florida Cosmetic Dentistry is committed to providing excellent dental care. The dentists specialize in cosmetic dentistry and periodontics, with a focus in extreme dental makeovers, instant orthodontics, porcelain veneers and crowns, Lumineers®, dental implants, Invisalign® and teeth whitening.
