**Press Release Summary: Super Holiday Rentals, the worldwide live online holiday booking engine has expanded its holiday rental portfolio with a new apartment in the resort of Naqb Bay, Egypt on the Red Sea coast**

Press Release Body:  
**Super Holiday Rentals**, the worldwide live online holiday booking engine, has recently added the **Egyptian Experience Complex (G21)** to its growing list of rental

properties.

The new property is the latest addition to the [Super Holiday Rentals](#) collection of [holiday villas in the Red Sea](#).

The brand new [holiday villa](#) is located only 800 meters from the beach in the peaceful resort of Naqb Bay, Egypt. The nearest supermarket is only 100 meters from the property, and the nearest shopping mall is just 300 meters away, and offers numerous restaurants and a variety

of shops. Activities in the area include golf, diving, beach trips and excursions to St Catherine's and the Sinai mountains. There are also boat rides and snorkeling, camel riding, quad biking and desert camping on offer nearby.

The **Egyptian Experience Complex at Naqb Bay** is ten minutes north of **Sharm El Sheik airport**, and it is possible to arrange airport pick up which will deliver visitors straight to the apartment.

The [Egyptian holiday rental](#) has one king size bedroom and one twin bedroom and sleeps six people in total. The apartment is air conditioned, traditionally furnished and decorated, and has a sea and pool view with mountains at the rear. There is a large balcony overlooking the swimming pool and there is also a shared garden area available to visitors.

Egypt's warm climate, exotic culture and beautiful beaches are attracting more and more British holidaymakers who are keen to sample a beach holiday with a difference. The Red Sea area in particular is famed for excellent diving, and offers the closest tropical reefs to the UK.

**Super Holiday Rentals** are continually adding new properties to their booking engine, offering holiday cottages, apartments, houses, villas and other holiday accommodation through the UK, Europe and rest of the world.

**About Super Holiday Rentals:**  
[Super Holiday Rentals](#) was first devised by **Philip A Green**, a leading holiday home owner and operator in the UK, and is a worldwide live online holiday booking engine.

People who own holiday rental property the world over can advertise their property on [superholidayrentals.com](#), by loading availability onto the [superholidayrentals.com](#) booking engine. **Super Holiday Rentals** allows customers to search, book and pay for their chosen holiday rental live online immediately.
