There is a paradigm shift in the financial industry. Before you invest – get out of debt, including your home. National consumer advocates like **Robert**

**Kiyosaki & Suzie Orman** have echoed getting out of debt for years. Between 1992 and 2004, outstanding household debt more than doubled to \$10 trillion. It's now over \$11 trillion dollars! Stop and think about it for a moment — did you do anything today that didn't involve money? Driving, Internet access, cell phone use, heating and cooling your home, shopping... the list is endless. The Lifestyle Equity Builder is one solution to this growing problem that empowers homeowners to maintain better control over their financial future instead of needlessly paying all that interest to lenders.

**The Lifestyle Equity Builder Program is S.M.A.R.T.** Specific, Measurable, Achievable, providing Results with in a Timeframe, now with even greater flexibility. It is a simple application for families to use or sophisticated enough you can manage up to 16 loans or investment properties simultaneously for one competitive price. The second production release of the **Lifestyle Equity Builder™** application is calendared for the end of 1st quarter 2008 when associates can begin marketing the new robust version of the software program. Consumers benefit from the maximized savings that can be achieved through the program, savings thousands of dollars on interest that consumers are already contracted to pay lenders. **Lifestyle Equity Builder** systems focus on **Wealth Creation through Debt Elimination**, helping homeowners payoff their mortgage and other debts within 8-10 years or less!

**Lifestyle Equity Builder** is a major shift from the current mortgage acceleration products on the market today. **MDRP Lifestyle Equity Builder** is PC-Based and has combined over 37 years of experience in financial planning, commercial real estate management and debt elimination into a simple user friendly program anyone can use.

Our clients seek to save a minimum of \$100,000 on their mortgage and other debts and pay off their home in one third the time or less.
