

Avs4free.com: A New Freeware Portal Goes Live

Released on: May 13, 2008, 1:38 am

Press Release Author: **Online Media Technologies Ltd.**

Industry: [Software](#)

Press Release Summary: 13.05.2008, London, UK - Online Media Technologies Ltd. launches a new online portal which features the collection of freeware for home video and audio management. All free solutions presented on www.avs4free.com are the innovative programs of Online Media Technologies Ltd. which concentrates on the development of high-quality software. AVS4FREE applications have no time or feature limits and are absolutely free.

Press Release Body: Having about thirty multimedia video and audio software in its product line **Online Media Technologies Ltd.** releases **AVS4FREE.com**, a separate online portal with only multimedia freeware. **AVS4FREE.com** doesn't require any user registration to download and use the software for free.

Alexey Myasnikov, Marketing Director, says: *"There is a common opinion to consider freeware as something unworthy a company-vendor no longer needs and for this reason gives away. This is not the case with us. On www.avs4free.com we post quality time-proven software comparable with commercial software. **AVS4FREE** tools are not open-source based applications, but our own developments. We have big plans concerning new freeware we are going to publish on www.avs4free.com regularly."*

At present www.avs4free.com lists four freeware: AVS Disc Creator Free, AVS DVD Player Free, AVS TV Box Free, AVS Audio CD Grabber Free.

AVS Disc Creator 3.2 Free: the program helps to burn DVD/CD/Blu-Ray data discs, Audio CDs and DVD-video files. Designed with computer novice in mind

AVS Disc Creator 3.2 makes burning routine an easy task even for PC beginners.

AVS DVD Player 2.4 Free: an award-winning software plays back DVDs, video and audio files. AVS DVD Player supports a wide range of video formats for playback such as MPEG4 (including DivX, XviD, etc.), MPEG1, MPEG2, AVI, RM, QT, WMV (including WMV-HD), H.263, H.264 and mobile video formats (3GP, 3GP2, MP4).

AVS TV Box 1.5 Free: watching TV and satellite channels on PC is no longer a problem. The freeware supports TV tuners, DVB and satellite cards. AVS TV Box 1.5 also can take video from digital video and web cameras.

AVS Audio Grabber 4.1 Free: the tool allows you to rip Audio-CDs to a computer hard drive in the most popular compressed audio formats.

All 4 programs run under Windows Vista/2000/XP/2003.

For more user's convenience **www.avs4free.com** includes a special section of tags organized in accordance with the available features of **AVS4FREE** software. Tags describe common operations which can be performed with AVS Disc Creator Free, AVS DVD Player Free, AVS TV Box Free , AVS Audio Grabber Free and help visitors find the solution to their task easily and quickly.
