Industry: [Software](#)

Press Release Summary: Online Blackjack players can now have a free casino 21 blackjack strategy calculator to assist them avoid the mistakes commonly made at the black jack table.

Press Release Body: In response to a greater than before demand for superior personalized tutoring and education of non professionals internet blackjack players, Blackjack radar released a new free blackjack strategy perfect advisory software for the on line blackjack casinos game.

Statistical data that was accumulated in blackjack halls gambling rooms indicate that most non professional black jack players' major mistake is being caused by a wrong calculation of the blackjack21 game odds and the choosing of strategically wrong 21Blackjack game moves. Black-jack basic strategy and advanced strategies calculator programs can dramatically reduce such likelihood of making these BJ mistakes.

"Many casinos black jack player feel that now they cannot be too much dependable at an automated blackjack calculators recommendations – but the large amount of real money lost and the bad decisions taken while playing the hand, is far greater a concern than the basic fact that some pre installed strategies software will sometime prompt you with it's own suggested game move" says **BlackjackRadar director Greg Wagner**.

BlackjackRadar's casino online blackjack strategy calculator software have been a very popular choice for many black jack players who needed a proper free education in how to play blackjack training and blackjack 21 strategy tips recommendation during their casino game play, online or off-line. However, **Greg Wagner** says that now more strategies elements are being included in the perfect blackjack calculator that show you exactly how to win in blackjack and how to play blackjack the winning way.

"Once players get this advisor product, many of them realize that this is really a once in a life time education opportunity to make some serious changes in their own way of playing the blackjack game. To meet all the needs of these BJ players, we have now made the product decision to extend the free offering to include many links to a lot of training blackjack videos and articles, black jack books and strategy discussion forums along with freerolls online tournaments schedules and bonus" says **Greg Wagner**.

Blackjack Radar has won many awards for being the winning software FREEWARE used for Casinos PC Black jack 21 expert winning Strategy Calculations.

This **Blackjack Calculator** automatically is analyzing your online blackjack cards and also the dealer up card (the one that faces up) in each blackjack21 hand while you may practice and learn how to play blackjack, play for fun in online ballroom and internet casino sites, or even while gambling for real cash money on black jack online games, BlackjackRadar software provides you with all of the detailed BJ guidelines information based on realtime data and the most accurate casino blackjack optimum strategy perfect play advice, in real time based on the exact mathematical factors and the casinos blackjack game best house edge and odds calculations.
