Press Release Author: [Tree Of Life International](#)

Industry: [Non Profit](#)

Press Release Summary: Do you need a touch from God? God is pouring our His Spirit in fresh and unique ways. Experience the reality and presence of God during the up and coming Power Shift Conference in Austin.

Press Release Body: Austin, Texas -- *"Truly we are seeing a fresh outpouring from the Holy Spirit. He is pouring out a tangible fresh glory directly from the throne room,"* says **Pastor Charles, Senior Pastor Tree of Life International.** *"God is up to something special. Over the past month or so we have been dedicating our Wednesday night services to praying for the community and for a Great Spiritual Awakening in Austin. We believe we are on the brink of the Greatest Outpouring of the Holy Spirit that we have ever seen. This is definitely not church as usual. Every meeting is different and we are open to what the Spirit of God wants to do."*

Our commitment to prayer has been fueling the stirring within our hearts and within the church body here in Austin. Recently, we have been blessed to participate in two incredible events in Austin. Back in mid April, our city was blessed to have Pastor Sunday Adelaja of the largest evangelical church in Europe. In late April, on the heels of that citywide event, Brian Hume of Virginia, ministered prophetically for a one-day meeting at **Tree of Life International**. *"His prayer and word for our church and for the local Body was: Begin to consecrate ourselves for the work of God ahead,"* says **Pastor Charles Robinson**.

What is driving this new move of God in the earth today? It is hard to put God in a box, but it can be summed up in a new unity, passion, desire and greater expectancy for more of Jesus Christ – Revival is here! The LORD promises in His Word that "If My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land". (2 Chronicles 7:14)

From the throne room and into the city...

God is doing a NEW THING! He is looking for hungry vessels He can fill and endue with His power!" says **Matt Sorger**. *"God is up to something! Over the last few months, we have been witnessing a dramatic increase of God's healing, miracle power."*

We are stepping into a new season where signs, wonders and miracles are becoming easy. There is a shift happening in the spirit and God is calling everyone to access and step into it. Now is the time to pray for the sick like never before. There is a great healing grace being poured out.

Testimonies are Coming In! New Mantles are Falling.

Experience more of God in your life. Join Matt Sorger and Tree of Life International for this special life changing event.
