Press Release Summary: Image Checks brings the luxuries of summer to life with its new "Flip Flops" product suite. The new design features checks, address labels,

personal contact cards, and a checkbook cover that bring the sand and sun to your daily banking routine!

Press Release Body: Charming designs make the banking products offered by **Image Checks** stand out against those of other companies. The release of the "**Flip Flops**" design will further enhance the fun and lovable existing collection of personal financial accessories.

July 2, 2008 marked the launch of "**Flip Flops**" by **Image Checks** through its website, www.imagechecks.com. The personal checks portray four rotating scenes that feature pastel backgrounds and matching flip flops. Around the flip flops, things like tropical flowers,

drinks adorned with umbrellas, and sand toys float to create an accenting border. These warm weather sandals are also shown on the address labels in front of simple, summertime colors that accentuate them. Offering one lighthearted design, the personal contact cards present pink flip flops against a matching background with cool drinks dancing above them. Additionally, the checkbook cover is an appropriate sandy tone that helps show off the variety of flip flops on its front cover.

Image Checks is always grabbing the attention of consumers with its brightly colored and enjoyable designs. The new "**Flip Flops**" design fits right into the collection and gives browsers a cheerful way to pay bills.
