**Press Release Summary: New Jersey IT Consultants, Integrated Computer Services named Microsoft Small Business Specialists**

Press Release Body: Mahwah, NJ, March 29, 2008 — **Integrated Computer Services, Inc.** announced today that it has attained the **Small Business Specialist certification from Microsoft.** To attain this new certification, **Integrated Computer Services** has demonstrated expertise in planning and building Microsoft solutions for small businesses.

*"We are thrilled to have **Microsoft** recognize our team for their past and present efforts in supporting small and medium sized businesses."* said **Michal Cardella, Lead Systems Engineer of Integrated Computer Services.** *"The **Small Business Specialist (SBS)** certification shows that we have proven to possess the technical and consulting ability required to deliver high-value, strategic solutions for small businesses. The Small Business Specialist status also provides **Integrated Computer Services** with early line of sight to new*

*products, services and programs from Microsoft, which extends the value we bring to our clients."*

Mr. Cardella explained *"Our Technicians have both the technical expertise and business knowledge to help small business clients take full advantage of Microsoft's technology offerings. Many business owners are not aware that **Microsoft** has a very stringent testing process making the certification a difficult task, as it should be,"* said Cardella. *"When a business owner hires an IT company to design, install, and manage their computer network, they deserve the very best, and **Integrated Computer Services** is proud to be in that category."*

As part of the **Small Business Specialist Community**, **Integrated Computer Services** will receive a rich set of support from **Microsoft**, including access to training specifically designed to benefit small business customers. The **Small Business Specialist Community**, available as part of the **Microsoft Partner Program**, was developed in response to input from customers and partners that expressed a need to build easier connections that enable small-business customers to quickly and easily identify technology partners best suited to support them.

**Integrated Computer Services**, founded in 2002, provides IT/network support and solutions to businesses in NJ. They are headquartered in Mahwah, NJ and support clients in Bergen, Passaic, Essex, Hudson, Morris and Union Counties. Integrated Computer Services has accumulated over 20 years of experience with its team and strives to meet the growing needs of small and medium business. In addition to being a Microsoft Small Business Specialist, **Integrated Computer Services** is CompTIA A+ Certified, and a proud Dell Reseller.
