Press Release Body: **LaContempo** Announces the **Biggest European Sleeper Collection** in USA. Company's Unique and

Affordable **European Bedroom Furniture Collection** is also another Center of Attention.

Since 2001, **LaContempo** has been serving LA metropolitan area with an ever growing collection. In addition to their well known **European Sleeper collection**, which by far the biggest in USA, now their sensational Modern European Bedroom furniture collection is becoming the meeting point of all contemporary furniture enthusiasts and designers.

When the word "**European Sleeper**" is mentioned, www.LaContempo.com is the first name comes to the minds of many satisfied customers nationwide. Since its establishment in 2001, **LaContempo** continues growing its collection, listening the demands of the customers. Now, company's unique and affordable European bedroom furniture collection is also another center of attention

"The sleepers we are offering are much different than all our competitors" says **Erika Fontana, the marketing manager** of the company. *"We give our customers the best quality sofa beds from Europe with the same price of Far Eastern made inferior products. We have firm, mid-firm and soft seating options. Most of our models come with inner spring structure and spacious storage spaces. You get three benefits from one product. In addition to the excellent sitting and sleeping comfort, customers also get a big storage space just under where they sit and sleep."*

For the last three years, the company is focusing on **Contemporary Bedroom Furniture**, mainly from Europe. *"This collection is becoming the meeting point of all contemporary furniture enthusiasts and designers"* says Erika. *"We have the best designs and creative models with the most*

reasonable prices. We have a huge inventory and most of the items shipped next day".

Thanks to the agreements that the company has with over 20 major reliable shipping companies, customers receive their furniture very fast and with a fraction of regular shipping charges.
