Press Release Summary: The Empowered Millionaire Institute has launched the '90 DAY CHARGE' to help people create dramatic and lasting change in their lives. It is the brainchild of internationally published author and wealth guru James Lee Valentine. This is a powerful financial mastery and personal empowerment online program. People are already trumpeting it as the ultimate financial empowerment course.

Press Release Body: Are you an eternal optimist? Do you write your New Year's Resolutions every year and wish for more money? Wish you could lose some extra weight? Wish you could meet your soul mate? Wish your bills would disappear? Wish you weren't so darned busy all the time?

Then six to nine months later, find yourself in the same position --- or worse?

Can you believe that it's almost 2009 already? Soon we'll have Halloween, then Thanksgiving, then Christmas, and all too quickly it will be "Happy New Year" all over again! Then you'll be making those annual New Year's Resolutions just as you did before.

Will you greet the New Year another year older, another year wiser, another year healthier, another year wealthier? I don't think this is true for the vast majority of people that set their goals like clockwork each January 1st. Will it be true for you?

So... have YOU yet accomplished what you set out to achieve this year? And what about last year and the year before that?

Imagine, just for a minute...

It's 90 days from now... and your major objectives for this year have been achieved. Does this sound crazy, or impossible, or just not true for you? Then keep reading.

The **'90 DAY CHARGE'** will give you the boost to create the results you are looking for.

You have just ninety days left from October 1st to make a comeback and achieve what you set out to accomplish this year. Progress during the final quarter of 2008 could set you up for a massive breakthrough in personal attainment for the new year ahead.

All the recent talk of "secrets" and the "law of attraction" is wonderful, and I am a firm believer in their powers, but the missing key to success --- the major driving force, the most important ingredient --- is TAKE ACTION TODAY!

This is why we want to help you "charge" full-speed toward the manifestation of your new, brighter, more successful lifestyle with your own compelling personal objectives that ignite your fires of desire and keep them burning strong, every day.

At this **'90 DAY CHARGE'** you will go through a process consisting of three easy keys that will instill within you the abundant energy, the empowering mindset and the sheer determination that will lead to the life transformation you earnestly desire and so deserve.

The '90 DAY CHARGE' begins October 1st... and it is totally free for the entire 90 days!
