

Goprofessionals for Health Care Telephone Consultation

GOpprofessionals Directory

Released on: October 27, 2008, 4:40 am

Press Release Author: [WebStation Australia](#)

Industry: [Healthcare](#)

Press Release Summary: [GOpprofessionals.com.au](#) combines premier exposure for qualified health care businesses in an online directory with an online appointment system for consultations to be delivered by phone at an appointed time.

Press Release Body: A revolutionary new technology system called [GOpprofessionals.com.au](#) has been released for access by the public to health care professionals such as psychologists, therapists and counsellors. **GOpprofessionals** is managed internet pioneers [WebStation Australia](#) and [PsychE-Commerce](#) the ecommerce specialists for psychologists.

[GOpprofessionals.com.au](#) is now being rolled out Australia-wide.

[GOpprofessionals.com.au](#) will supply the health care provider with a copy of [AppointmentDiary](#), Australia's leading appointment

management software, so their customers can book appointments for their business services online. The online appointment system allows customers to make appointments immediately, ending their search for services and saving them time.

Should the customer be reluctant to make an online appointment themselves, there is a 1300 number they can call and the **PsychE-Commerce** team will make the appointment for them.

Once the appointment is booked the listed health care professional is then notified by email and/or SMS.

The **AppointmentDiary** software was chosen for this role as it is a reliable, secured, easy to use, well proven and is already highly regarded within the health care industry.

GOProfessionals.com.au is not only limited to the online scheduling system for appointments but also listed clients will benefit from advertising their services on a fully optimized site. This means that their businesses visibility on search engines will be improved whilst increasing accessibility to potential customers.

GOProfessionals.com.au is also exclusive! All listings are screened by PsychE-Commerce with only a small number of listings allowed for each city. This also allows their potential customers to have an elite directory to select their services from. Appropriately qualified practitioners can apply through **GOProfessionals** or **PsychE-Commerce** to be listed on the new Directory.
