**Press Release Summary: Learn How To Make Craigslist Phone Verified Accounts With My Step-By-Step Instructions.**

Press Release Body: **Craigslist Phone Verified Accounts** are now required if your going to continue to post ads on Craigslist for marketing purposes.

After Craigslist started requiring Phone Verified Accounts, there were several companies that came out of the wood work to sell pre-made PV accounts. The problem is that the majority of these Craigslist Phone Verified Accounts sellers were less than honorable. Several people got ripped off, with these accounts not working within days of being purchased. With the average cost

of these accounts at \$5 - \$7 each, this was a very expensive lesson to learn for Craigslist Internet Marketers.

Some of the reasons that these accounts were placed on hold by Craigslist was there was a "footprint" left when the Craigslist phone verified accounts were made for posting. This footprint could have been the IP address used, the same password, sequential blocks of numbers and much more.

Unless your creating the accounts yourself, it is almost impossible to know that the accounts were set up correctly.

**Dwayne Roberts**, an internet marketing guru from Tennessee cracked the code on Making unlimited amounts of Craigslist phone verified accounts. After purchasing 100 accounts from a well known supplier, and getting burned, he set out to discover the various methods that people are using to make these accounts.
