All [ipod Touch](#) versions share the multi-touch capability as popularized by the iPhone. Multi-touch feature allows the device to sense instructions from multiple points of the screen as opposed to the touch screen feature that only senses single instruction from a certain point of the screen. iPod Touch products are flash memory based and no longer use hard drive to store information. This makes the device for more secure and durable.

Display for these devices measure 480 x 320 screen resolution with touch screen QWERTY keyboard. Extended battery life can play continuous music for 22 hours and 5 hours for video files.

Web browsing feature through the device is applicable with the use of Safari web browser and Wi-Fi connection. Emails containing file extensions such as doc, pdf, and several other extensions can be downloaded and stored.

Audio files supported by these devices include WAV, AAC, AIFF, Audible, MP3, Apple Lossless. These devices are also capable of supporting known video file extensions including MOV, MPEG-4, H.264. In addition to all these files supported by iPod Touch, images with extension BMP, GIF, JPEG, PNG, PSD (Mac only), TIFF can be viewed by the device.

These devices can run on multiple platforms including PC and Mac. PC support including Windows Vista and Windows XP with iTunes 8 or later version installed. Mac OS X v10 and later versions are very convenient for the device to run. iTunes store are used to purchase music files and offer other services for the user.

To provide extra security for the device, the manufacturer offers a one (1) year limited warranty, 90 days phone consulting and technical support to their consumers. On the part of Super Warehouse, the company offers free ground shipping on purchases great than or equal to \$299.

About

Super

Warehouse:

Super Warehouse is an online source of printer supplies and technology products and services for businesses, education and government customers internationally. Founded in 1998 by San Diego entrepreneur Russell Schneider, Super Warehouse provides expertise and guidance for customers to help determine the best technology solutions and specific products needed for their business. From start-ups to large corporations, customers can access more than 60,000 items from leading technology brands such as Apple, Brother, Microsoft, Adobe, Kodak, Cisco, HP, Sony and more.

Super Warehouse provides businesses with competitive pricing, immediate shipping capabilities, and technical support. In 2006 and 2007, the company was named one of San Diego's fastest growing companies by the San Diego Business Journal. More information can be found at www.superwarehouse.com.
