Press Release Summary: VIV the NEW highly anticipated product from Kiiera - the most advanced nutritional entrant into the hyper-growth category of peak performance. KII Team and Kiiera Would Like To Welcome You To A Brand New Era In Networking!

Press Release Body: Kiiera the Company

With Kiiera's focus upon combining a life-sustaining vital energy ("qi" or "ki") from ancient Asian roots, and the concept of a new era of health and success, [Kiiera](#) steps out of the mold of conventional health technologies. In an increasingly fast paced and stressful environment, **Kiiera** finds practical solutions by looking to the earth for remedies that have benefits proven over thousands of years.

Through the extremely efficient business model of Direct Sales, [Kiiera](#) delivers the synergy of rare, potent and versatile botanicals to consumers and independent affiliates around the world. And it does so from a source of power and integrity like no other.

The Concept for Kiiera grew from two words. "**Ki**," the ancient Asian belief in a life sustaining, vital energy. "**Era**," representing a new generation of significant events.

[Kiiera](#) seized the opportunity to make their company the most revolutionary Direct Sales organization on the planet, but they didn't want to stop there. Because Kiiera also realized that in the world of Network Marketing, true opportunity happens on the ground floor.

So Management spent over 2 years developing Kiiera before launching. They actually took their time to make absolutely certain that Kiiera would be a worthwhile opportunity and also be on the ground floor of something already proven and successful.

As a sister company to **Founder Peter Spiegel's Sylmark Group** providing powerful stability in finance, management and operations, [Kiiera](#) employs cutting-edge marketing techniques to help every independent Affiliate reach new audiences with untapped "warm market" potential.

It does so with a new "Fusion Marketing" approach that combines the best aspects of Direct Response active media and Network Marketing to reach and motivate new prospects with truly global potential.

The Kiiera Team has created:

The most solid foundation in the history of Direct Selling.

A bold fusion of Direct Response and Network Marketing.

A completely unique product offering.

A proven ground floor opportunity.

A Revolutionary Compensation Plan.

All combined to create The Opportunity of Your Lifetime.

For most people, Opportunity is the act of turning a dream into a reality. The Secret lies in recognizing it when it truly comes.

The **Kiiera Team** knew they could create an opportunity of a lifetime, an era of personal fulfillment, financial freedom, and complete well being... one that would have every one of our actions leave people, places, and products better than we found them... and embrace a better life while we were doing it.

They also recognized that, if they were to create the perfect opportunity, it would take nothing less than a revolutionary business model, a unique product offering, and the finest compensation plan in the industry.

That's just what the **Kiiera** team has accomplished, and they are thrilled to show you exactly how.
