**Smile South Florida® Cosmetic Dentistry is announcing that it will be joining forces with da Vinci Dental Studios (ABC's Extreme Makeover Dental Lab) to begin filming a dental documentary piece, which will be produced by the Emmy Award Winning Plum Television.**

This documentary will air on Plum Television (Miami Beach Channel 5) in April 2009. The story behind the piece is to provide viewers with insight into the shared values and history of da Vinci Dental Studios and Smile South Florida Cosmetic Dentistry.

Da Vinci's founder, Daniel Materdomini, will be featured in the film, along with Smile South Florida Cosmetic Dentist, Dr. Charles Nottingham. Mr. Materdomini and Dr. Nottingham have been working together for over 20 years, taking cosmetic dentistry to a new level of excellence. Dr. Nottingham even performed restorative work on Mr. Materdomini's mother.

In offering feedback on the work that [South Florida Dentist](#) Dr. Nottingham completed for his mother, Mr. Materdomini said that, "if the Extreme Makeover show was filmed in Florida, I am sure [Dr. Nottingham] would be the providing dentist."

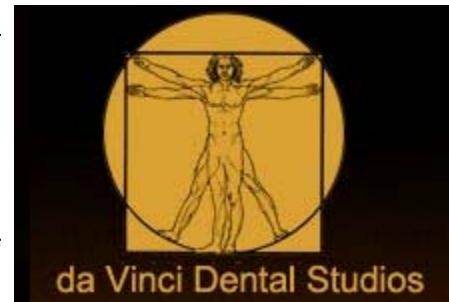

During filming, Dr. Nottingham explained to Plum TV that many years before ABC's Extreme Makeover Show made da Vinci Dental Studios a household name for porcelain veneers, Dr. Nottingham had selected them as his dental lab of choice. With hundreds of dental labs in the local area to choose from, Dr. Nottingham decided to have his dental materials shipped across the country, in order to perfect his results. Dr. Nottingham went on to mention that da Vinci continues to share his commitment to quality and service.
