## Hazmat Training Comes to Chattanooga

Released on: June 08, 2010, 05:33 am Author: **Environmental Resource Center** 

Industry: **Environment** 

June 8, 2010- When workers handle hazardous waste or ship hazardous materials, training is not just a good idea, it's the law. According to the EPA, workers who handle hazardous waste must be trained annually, and the federal DOT requires that workers involved in the shipment of hazardous materials be trained at least every three years.

Environmental Resource Center, the leading provider of environmental and safety training, will present the mandatory training in Chattanooga at the Chattanooga Choo Choo on June 22 - 24, 2010. Classes begin at 8am and end at 5pm each day.

Hazardous Waste Management: The Complete Course will be taught on June 22 and 23. DOT Hazardous Materials Training: The Complete Course will be taught on June 24 at the same location.

Registration for the training is available by calling 800-537-2372 or at <a href="http://www.ercweb.com/classes">http://www.ercweb.com/classes</a>.

Now in its 29th year, Environmental Resource Center trains not only thousands of industry personnel every year, the company also trains personnel from most of the state and federal agencies that enforce the regulations.
