Couponchief.com has found new ways to make the concept of online coupons more appealing to consumers and businesses alike. The first thing that comes to many people's minds related to shopping is savings opportunities. When it comes to Internet shopping that means online coupons. However, most online coupons are difficult to find and use. The websites may only offer a few coupon codes and the sites are usually hard to navigate. CouponChief.com is extremely user-friendly. Additionally, it offers opportunities for owners of online stores to increase their exposure by adding their site.

June, 2010 – CouponChief.com is making it possible for Internet shoppers to use online coupons to save money on virtually every purchase they make. This website is easy to use and navigate. Coupons can be found by popular tags such as, toys, jewelry, clothes, boots, home décor, sports, skin care, home and garden, and much more. These tags make finding specific coupons an easy process. Additionally, many coupon codes can be found using a special search feature. In order to assist online merchants gain even more exposure they can add their site to the listings at CouponChief.com.

In recent years there has been a growing trend toward online shopping and special offers such as online coupons make this type of shopping a more enticing experience. CouponChief.com is the one-stop shop for distribution of online coupons and coupon codes. This Internet shopping savings is a simple concept and it's easy to use.

No sign up is required. However, consumers can set up email alerts for online coupons of their favorite online retailers and track their browsing history. This feature is extremely convenient for anyone that enjoys online shopping.

Countless websites' checkout process have a field that asks for either a 'coupon code' or a 'promotion code', but most shoppers do not know where to find these savings codes. CouponChief.com is the place for such codes. The codes have been gathered and organized in an easy to find manner.

The website also offers a program called 'Pays-2-Share'. This unique program pays visitors for contributing and adding coupons to the site. Individuals login and submit coupon codes for participating merchants. When the coupon is used a payment is made to the individual that submitted the coupon code. Payment is made in the amount of 2% of the purchase price. This payment is made even on purchases made by the submitter and the individual has an option of being paid via PayPal or check.
