Industry: [Sports](#)

August 22, 2012, 3:14 pm -- /[EPR NETWORK](#)/ -- After 10 years of supplying [rugby jerseys](#), Team Spirit Australia is proud to announce the successful launch of its custom soccer product range. Many soccer clubs from the Queensland border to Tasmania in the south, including Macleay Valley Rangers, Kempsey Saints, Macksville Spiders, Casino Cobras, Cobram Tigers, Wynyard Soccer and the Nimbin Headers have chosen to wear Team Spirit soccer uniforms for the 2012 season.

Team Spirit CEO James Lancaster advises, "The differences between rugby and [soccer uniforms](#) are marginal, with athletes from both sports requiring highly durable, lightweight, breathable uniforms. We've used the knowledge and experience we gained in the rugby market to deliver the appropriate products and service required for the soccer field."

The soccer clubs could not be happier with the results. Matt Baker, President of the Kempsey Saints advises, "Our sponsors, players, families, coaches and committee rated the Team Spirit [football kit](#) as the best our teams have worn on to the playing field."

Team Spirit's dedication to excellence in service has also contributed to the successful entry into the soccer market. Their dedicated soccer teamwear managers offer a hands-on approach to account management; ensuring ordering is an easy, hassle free experience.

About Team Spirit Australia

Proudly 100% Australian owned, [Team Spirit Australia](#) specialise in supplying rugby and soccer garments to grass roots clubs and schools across Australia, from the suburbs to the bush. Team Spirit recognise the importance of attention-to-detail for every garment and supply a quality of product that is second to none. It is no wonder so many customers are thrilled to have Team Spirit on their side.
