November 30, 2012, 2:09 pm -- [/EPR NETWORK/](#) -- The UK's leading 2-for-1 green fee voucher scheme offering great deals online over the Bank Holiday weekend

GreenFree, the home of [two for one golf](#) and the country's leading green fee voucher scheme, has unveiled three special offers that are available online over the Bank Holiday weekend. Championed for providing great value to golfers at some of the best courses in the country, the deals start from just £19.95 and include free GreenFree vouchers, TaylorMade golf balls, and John Letters golf caps. The money-saving initiative has over 1,000 courses in the UK & Ireland, meaning golfers up-and-down the country can take advantage of half-price green fees at some of the country's most prestigious venues. The Grove, host of the 2006 World Golf Championship, former European Tour venues Marriott Forest of Arden and De Vere Slaley Hall, plus Fairmont St.Andrews are just a few of the courses involved with GreenFree where golfers can kick-start the final long weekend of summer 2012.

Bank Holiday offer No.1 includes 10 GreenFree vouchers, 6 TaylorMade golf balls, a John Letters golf cap, as well as three 3 free vouchers for just £34.95. Bank Holiday Offer No.2 includes 10 GreenFree vouchers, 3 TaylorMade golf balls, plus a John Letters Cap for just £29.95. While offer No.3 includes 5 GreenFree vouchers, 3 TaylorMade golf balls, plus 3 free vouchers for £19.95.

"GreenFree is a great way to take advantage of the long Bank Holiday weekend with half-price green fees at some of the country's best courses. Our vouchers are valid for a minimum of 12 months, so even if you can't get out this weekend, there will still be plenty more opportunities to redeem your voucher at any one of the 1,045 golf clubs in our extensive portfolio," noted Dave Lynchehaun, GreenFree Brand Manager. "For over ten years we've been offering golfers the best value product on the market and helped increase participation in golf at all levels of the game. We're glad that golfers continue to support GreenFree and hope that they take advantage of these great offers over the Bank Holiday weekend."

The flexibility of GreenFree has been a major part of its success, as contrary to many online booking services that tie golfers to a specific tee-time, GreenFree allows golfers and golf clubs to pick a time and date that is convenient to them. GreenFree is also available on the high-street in stores such as WHSmith and online through the likes of Tesco Direct.

The Bank Holiday specials are available on the GreenFree website: [www.greenfree.co.uk](http://www.greenfree.co.uk).
