Industry: [Management](#)

LONDON, November 09, 2012, 1:58 pm -- [/EPR NETWORK/](#) -- MITIE, the FTSE 250 outsourcing and [energy services](#) company, has secured a contract to provide integrated facilities management (FM) for British Sky Broadcasting Group (Sky), the UK's largest entertainment and home communications company.

The contract, with a total value in excess of £100m over a five-year period, will see MITIE deliver services across Sky's estate in the UK and Ireland, commencing in January 2013. As well as its two main campuses in London and Scotland, MITIE will work at 12 regional offices, two data centres and dozens of POP sites (internet exchange points).

MITIE will have responsibility for delivering a range of services including fabric maintenance, engineering maintenance, energy management, catering, [security services](#), cleaning, mail room & couriers, helpdesk, switchboard, shuttle buses, grounds maintenance and internal landscaping.

MITIE also recently completed a project to build an on-site wind turbine at Sky's new broadcast facility, Sky Studios, in Osterley, West London. The most sustainable broadcast facility of its type in Europe, the turbine will provide over 133 MWh per annum of clean energy to the studios.

MITIE was awarded the contract based on its innovative ideas, self-delivery capabilities and cultural approach.

Ruby McGregor-Smith CBE, Chief Executive of MITIE Group PLC, said: "We are delighted to be working with Sky and look forward to creating what will be a truly collaborative partnership.

"Sky is a dynamic company and MITIE will ensure the FM strategy brings the highest quality services, value and innovation to its business."

-Notes for editors-

What is MITIE?

We're the strategic outsourcing company. What does that mean in practice? We manage facilities, energy and properties for our clients across the UK and beyond.

We work with our clients in three ways; some take full advantage of our whole range of expertise, others may only need one aspect of what we do:

Strategy and consultancy  
+ Facilities and energy management  
+ Service delivery

Our strategic input can add value at the highest level by helping clients to manage their assets, while our practical management expertise can save customers money and reduce their carbon emissions. We work with a vast number of clients in every industry across both the public and private sectors and deliver the broadest range of services that can be found in one place: from integrated [facilities management](#) to engineering maintenance to lifecycle energy management and much more.

There's a lot more to MITIE than you probably think. We're a big company with big ambitions – a leading FTSE 250 support services business, with more than 74,000 people, revenues of £2.0bn, and a reputation for being the best.
