December 07, 2012, 2:29 pm -- /[EPR NETWORK](#)/ -- If a new laptop is on your Christmas shopping list this year, buying a brilliantly-specified Lenovo laptop or Slimbook from BT Shop will be especially rewarding.

That's because all buyers can claim between £50 and £75 [Lenovo cashback at BT Shop](#) on the purchase price – which is sure to come in handy for spending as you please over the festive season.

The cash will be paid back on any purchase from the [Lenovo G580](#) and Z580 range of laptops, and ultra-compact Z400 slimbooks, and the already great-value prices start at just £330.

The G580 range comes in several configurations and colours, with between 4GB and 8GB of memory for running the most complex of programs, and up to a huge 1TB of internal storage. Installed with the Windows 8 Home Premium operating system, the range is highly-specified for keeping you in touch wherever you go, with Bluetooth connectivity, stereo speakers and integrated webcam and card reader.

With the latest-generation Intel processors providing their power, the Z580 models have similar huge storage capacity for all your files and programs, as well as an in-built DVD read-write drive, and Dolby Home Theatre audio sound.

If you need the ultimate in portable computing power in the thinnest, sleekest package though, check out the Lenovo S400 slimbook. It boasts a 14-inch HD monitor, 4GB of RAM, enough battery power for up to five hours' continuous use, and the reassurance of secure logging-in thanks to face recognition technology – and with £50 cashback is sure to make a tempting present for someone – or even yourself.

"We think these offers will prove highly popular this Christmas, especially as the cashback is a great incentive to buy what are already a brilliantly-specified range of laptop and notebooks here at the BT Shop," said Caroline Hodgson of the company.

"But you'll have to hurry, as stocks are limited on all three models we're offering with this deal, and the cashback offer won't be around for long.

"So if you've been considering upgrading your existing portable computer now's the time to come and see the full range available from BT Shop."

Full details can be found on the link from any of the qualifying [Lenovo laptops](#) or product pages which are now live at [Shop.BT.com](#).
