January 01, 2013, 2:41 am -- [/EPR NETWORK/](#) -- The Fragrance Shop announces to customers that the new perfume Nina L'Eau by Nina Ricci is now available for purchase.

Nina Ricci has recently launched a brand new version of the Nina perfume from 2006. [Nina L'Eau](#) is the fresh new offering for spring comprising the usual sweet and innocent scent Nina Ricci wearers are used to, but adding a touch of attitude to the mix.

The Fragrance Shop's delicious new fragrance comes in a soft pink, apple shaped bottle, making it easily recognisable as a Nina Ricci scent. Women everywhere can experience the natural delicacy of Nina L'Eau, utterly reflective of all that is alluring about women, bringing out a soft, sweet side to the wearer, without forgetting her seductive and sensual nature.

Romantic and fresh, Nina L'Eau contains fruity top notes of apple, grapefruit, citrusy mandarin and exotic neroli. Heart notes of juicy cherry and mixed subtly with gardenia and watery accord, and the sensual musky base rounds everything off to create a unique smelling fragrance fit for the modern day princess.

Perfumer Oliver Cresp shows that the modern day woman is more than just hearts and flowers; she also has a strong and seductive side to her personality, all of which has been successfully captured and bottled to produce a romantic fragrance with attitude.

Daniel Thompson of The Fragrance Shop, said: "the house of Nina Ricci is an internationally renowned French luxury brand that has long

produced fragrances synonymous with timeless chic and pure femininity. Nina L'Eau, the newest addition to the iconic brand's perfume is sweet and innocent – a romantic fresh delight.”
