ABOUT LUA HADAR with TWIST

Lua Hadar with Twist performs international standards with a different 'twist' on style; presenting also original and rarely performed songs, in several languages. English, French, Italian, Spanish, Portuguese, Japanese and Malagasy (the language of Madagascar) are represented in theIr new CD and DVD, Like A Bridge. The Like A Bridge DVD was just released in November at San Francisco's historic Balboa Theater. The CD, recorded in the same sessions with the DVD, is receiving critical acclaim and airplay on over 100 radio stations, across the USA and in Canada, The Netherlands, Germany, England and Brazil. www.likeabridge.net

Hadar says "We're honored to perform in this series, which was created to Inspire musical excellence through positive role models. As a teaching artist, I know that what we directly teach our youth is just as potent as what models we show them. I felt this would be a perfect opportunity to present young Josh Reinier, with whom I had the pleasure of working at the San Francisco Opera. As an independent artist-producer, I also want to show youth that they can create their own opportunities, rather than wait for someone else to create them. That is what I have done with Twist since its inception in 2007."
