Industry: [Retail](#)

April 24, 2013, 10:52 am -- /[EPR NETWORK](#)/ -- Leading UK manufacturers offers wide range of premium sheds, and all are tailor made to each customer's exact needs. Explore the whole range today.

The [Beast Sheds](#) online store now offers the widest range of bespoke garden sheds available, with a variety of specialist shed types for whatever the customer needs.

From high quality garden sheds and summer houses, to security sheds, storage sheds, hi-pex sheds and much more, the Beast Sheds range is designed to cater to every household's needs and every order is hand built to the customer's exact needs. Each simply has to decide which type of shed is right for them.

Modern sheds are about more than keeping lawnmowers and garden chairs dry. They can be transformed into home offices or garages, they can protect motorcycles and other items of value. With Beast Sheds, no matter what a garden building is intended for, it can be designed with that specific purpose in mind.

Using the fast and simple ordering system at Beast Sheds, customers can choose the type of shed which suits their needs, then choose the exact size that they need. They also choose between a variety of styles and design features and can opt for any additional features that they'd like.

Whichever, sheds customers choose, they will enjoy fast free delivery and installation, along with a free rot resistant 'Beast' Floor. All of the sheds available are made from premium, heavy duty, hard timber, and timber is treated to offer protection against bad weather and a number of other aging factors. With minimal regular maintenance, these excellent sheds will look just as good after many winters, as they did when they were installed.

Pay a visit to the Beast Sheds online store today and find out much more about all of the fantastic [garden sheds](#) available; and just how easy it is to design the perfect shed for any need or any garden space.
