WESTLAKE VILLAGE, Calif., April 16, 2013, 7:17 am -- /[EPR NETWORK](#)/ -- The Hyatt Westlake Village, best known for hosting weddings, social galas, corporate meetings and group functions announces its newly designed Vista Ballroom and Atrium, adding an additional 2,500 square feet to the hotel's vast selection of flexible meeting space.

"We are very excited to offer a brand new ballroom and Atrium pre-function space to event and meeting planners in our community," said General Manager David Coonan. "The redesigned space is so functional that it will appeal to a variety of customer interests, from weddings to off-site meetings," said Coonan.

The redesigned Vista Ballroom accommodates groups of 10 to 120 guests with its floor to ceiling windows. The Vista Ballroom is flooded with natural light, and offers a perfect view of the property's waterfalls, lawns, garden gazebo and sunsets. Adjacent to the ballroom is the revamped Atrium, designed to complement the hotel's Mediterranean architecture. The Atrium offers new tile floors in earth tones of rust and orange, along with modern furnishings in tones of yellow and blue, plus new LED lighting.

The Vista Ballroom and Atrium enhances the hotel's already vast flexible meeting space, complimenting the Grand Plaza Ballroom, Chairman and Presidents Boardroom, and the four Mediterranean Meetings Rooms, totaling 25,000 square feet of meeting space options.
