Hong Kong, May 23, 2013, 6:24 am -- /[EPR NETWORK](#)/ -- Today Aranez announced the release of the first of its new line of leather cases for the Samsung Galaxy S4 called the Aranez Flip Samsung Galaxy S4 Leather Case. With the many hundreds of cases out there for the Samsung Galaxy S4 on the market, Aranez now provides Samsung Galaxy S4 owners with a premium choice that offers protection, function and luxurious styling.

The biggest features of the Aranez Flip Samsung Galaxy S4 Leather Case is the slim and light weight clam shell design, credit card slot, intricate silver-thread stitching and premium cow leather.

## **Features of the Aranez Flip Samsung Galaxy S4 Leather Case:**

- Made from premium genuine cow leather
- Comes in both black and red leather versions
- Outlined with high quality and strong silver thread stitching
- Features a credit card or ID card slot
- Ultra light and minimalist design
- Access to all charge and audio ports
- Unobstructed camera punch out
- Punch out for the rear speaker
- Luxurious feel
- Genuine Aranez case

"Based on feedback from our Samsung Galaxy S3 leather case customers, we've included some enhancements to the Aranez Samsung Galaxy S4 Leather Case that will make it even more

functional than it's predecessors. Even though they may seem like small improvements, for us, they're big things because it means that customers will love our case even more!" said Arnold Aranez, Founder of Aranez.com.

The Aranez Flip Samsung Galaxy S4 Leather Case will go on sale in the first week of June which aligns with the recent availability of the Samsung Galaxy S4 smartphone in the United States.

### **About Aranez**

Aranez designs and manufactures luxurious leather cases for smartphone and tablet devices. Arnold Aranez, renowned international tech gadget blogger, founded the company in 2011 after noticing there was a gap in the market for functional and protective premium leather cases. Aranez is fast becoming the first choice in luxury leather cases. Since launching, Aranez has shipped premium leather cases to over 31 countries and has been featured on some of the world's most famous technology websites such as GearDiary, TUAW, Ausdroid and CravingTech.
