Alameda Superior Court Judge Calls His Behavior 'Despicable'

Summary of Case No RP 09478054: Mr. Moody was the trustee of my mother's estate of approximately \$2.4M. He lied to beneficiaries, took trust money for personal use, failed to keep receipts, caused the trust excessive accounting fees, overpaid himself and used trust money for legal fees to defend his breaches. The judge ruled that Moody overpaid himself by \$82,000. He has fled the state and is refusing to reimburse any money to the family.
