**20 Dog House Plans, 20 Dog Run Plans, 7 Step By Step Videos  
And OtherDetailed Information Sources Will Take You From  
Start To Finish So You Can Have Your Next Dog House Up  
Within 48Hrs!**

September 12, 2013, 2:13 pm -- /[EPR NETWORK](#)/ -- Paul Stevens, or as he is otherwise known to by his friends as "The Canine Craftsman" has released his inaugoral product in the DIY sphere, "The 48hr DIY Dog Kennel System".

This a step by step system that provides a one-stop-shop for all of those people iching to build their furry friend a dog house. Inluding 7 detailed videos and 40 dog house and dog run plans, Paul is adament even a novice will have their first dog house completed within 48hrs.

Paul, once an accountant, always a dog lover and now an inspired DIY enthusiast spent countless weekends outdoors with his brother, a carpenter by trade, developing what they call their best collection of dog houses and the easiest method to construct them.

The 48hr DIY Dog Kennel System is an online based package that can be accessed 24/7, all around the world so that no matter what country

you are in or what time it is, you can access every bit of information that you need to complete your project.

"The great thing about this system is that even a novice can build a 5 star rated structure to provide their pooch with a safe and comfortable environment"

Paul Stevens, Founder – The Canine Craftsman

As a result of implementing The 48hr DIY Dog Kennel System Paul believes that anybody wanting to create a comfortable and protective environment for their dog will now be able to accomplish this feat for a minimal cost, far less than the potential costs associated with purchasing one brand new.
