**Winner Poker has just released a new version, with special emphasis on their VIP service and are proud to announce their new app for iPhone and Android.**

September 23, 2013, 4:50 am -- /[EPR NETWORK](#)/ -- Winner Poker is proud to announce the new version of their already hugely popular Poker website.

New features are an upgraded VIP section and a fantastic app for mobile players.

The new fresh and crisp design and the images of the new website highlights the dedication of the Winner Poker team to provide a great unforgettable experience for their players.

Players will find the website built to complement UX because it is simple to navigate and easy to use.

The dedicated support staff is also available 24h a day and can be reached by email, phone or live chat.

Winner Poker players will be happy to see that the site still offers an abundance of payment options, with players have the choice to find a payment method that suits them the most.

The Winner Poker website features an upgrade to the VIP section. There is now a VIP mini site which emphasises Winner Pokers commitment to providing their VIP players with the best poker experience, great presents and tournament entries.

The Winner Poker VIP service separates players into 9 different levels, each level giving more substantial rewards to players also provides a VIP Store where VIP players can exchange points at for electronic gadgets, poker equipment, free rolls, VIP races and other Winner merchandise. The new VIP site can be found at: <http://poker.winner.com/vip-club/>

Winner Poker is now available on mobile and it is the first poker room in the iPoker network . Nicholas Plotnek, the head of poker, said: Playing on mobile has become a real game changer in the market, and Winner Poker is happy to have an excellent service in this increasingly important market that offers an easy-to-use experience while including the same great Poker experience.

Winner Poker's increased capacity on their mobile platform, in form of their new app for iPhone and Android gives our players the choice to play poker on their computer, smartphone or tablet.

Players head to head against millions of players from around the world right on their mobile device. Including added features like Quick Seating to enter tournaments and buy in to your favourite tables with just a single click.

New to mobile is the speed poker game, so players can play Texas Hold'em and Omaha Hi Poker at a quick speed with just the swipe of their finger.

Winner Poker continues to provides some of the most well-liked poker, which includes Texas Hold 'Em, Omaha and Omaha Hi-Lo, 7-card Stud, 5-card Stud, and more.

Editors notes:

New players are welcomed with a 250% first deposit bonus up to \$2000.

Players still have the ca. 40 deposit and withdrawal methods to choose from.

Currencies accepted are the USD, EUR, GBP, AUD, CAD, DKK, NOK, SEK, CHF
