Manchester, UK, January 08, 2014 -- [/EPR NETWORK/](#) -- Panel Warehouse, one of the UK's leading manufacturers of office screens and display boards is offering 20% off the cost of all mobile folding room dividers for a limited time only.

Schools, offices and other organisations with flexible floor plans, or the need for multi-purpose display stands, are being urged to take advantage of the sale while it is available; and while stocks last.

Mobile folding room dividers are versatile office furnishings which can be used to create partitioned office or meeting spaces or display a variety of information in just about any location. These reliable and great looking room dividers fold away into very small sizes which can be stored or transported with ease. This makes them a valuable addition to any workplace and there has never been a better time to pick one up than right now, thanks to the Panel Warehouse sale.

Available in a range of sizes and a number of colours to suit any interior décor or company branding, there is a mobile folding room divider for just about any organisation, including schools, colleges, hospitals and much more. All of the dividers available feature castors which make it as simple as possible to transport the dividers from one area to the next. In no time at

all, offices and other spaces can be transformed to suit the current need.

This is ideal for businesses which require a flexible solution. Create a meeting area in seconds or set up a display for workers or customers, just as easily.

You'll be surprised just how handy the Panel Warehouse range of [mobile folding room dividers](#) will prove, so why not pay a visit to the Panel Warehouse online store today and explore the range for yourself. You're guaranteed to find a room divider to suit your needs. Save 20% on the cost before it's too late.
