Press Release Summary = Eczod Inc is pleased to announce the launch of its "Incredible Cash Machine", a free instant game giving real cash to players... everyday and without the need for registering.

Press Release Body = San Francisco, CA April 17, 2007 - True to its promise of offering the best entertainment experience, creators of the Incredible Cash Machine wanted to break with the frustration brought by games based on user subscription or on money payments such as online casino games. IncredibleCashMachine.com is different from these games as it is completely free to play to every incoming visitor, and offers real cash sent to winners' houses with a complete respect of privacy policies.

The player simply reproduces a randomly generated word displayed, starts the Machine, crosses fingers and waits. This can be done at any

time of the day; the goal is to be the first to reproduce the word correctly after the winning session of the Incredible Cash Machine has started. The winning session start time of the machine is randomly generated for each game session, once per 24 hours period.

The prize Cash amount is sent by Eczod Inc to winners by check whatever their countries are (provided that the game is authorized in that country), and with no charge.

Very easy to play, simple, transparent, the Incredible Cash Machine never stops distributing money, 365 days a year at IncredibleCashMachine.com.
