

# Test Equipment Connection Corporation Announces New Dranetz-BMI Instruments Are Now Available

Released on: October 2, 2007, 6:38 am

Press Release Author: Phil Vogel

Industry: [Aerospace](#)

**Press Release Summary: Test Equipment Connection Corporation today announced the company is now selling and leasing new high performance Dranetz-BMI power monitoring instrumentation.**

Press Release Body: "**Dranetz-BMI** is the well known industry standard for excellence and reliability in power monitoring," said **Lexie Moss, Sales and Channels Manager for Test Equipment Connection Corporation**. "*The **Dranetz PowerLogger 10, DranTech XTRA** and the **DranISO 5000D** are competitively priced solutions that we are seeing strong initial interest in from our customers. **Dranetz-BMI** is a welcome addition to our product line.*"

## **Dranetz-BMI:**

Founded in 1963, **Dranetz-BMI** is headquartered in Edison, N.J. and has been a pioneer in power quality instrumentation for more than 40 years. **Dranetz-BMI** engineers and manufactures a wide range of handheld, portable and permanently-installed power quality and energy management instrumentation for utility, industrial, facility and electrical contractor customers. In January 2007, **Dranetz-BMI** was acquired by **Gossen Metrawatt of Germany** as a vehicle with which to address the global demand for power quality instrumentation.

**Test Equipment Connection Corporation:**
