

Subaru Secrets Announces Go Fast Bits Teleseminar

Released on: April 13, 2008, 10:48 pm

Press Release Author: **Brett Middleton / MRT Performance**

Industry: [Automotive](#)

Press Release Summary: MRT Performance announced that Brett Turner from Go Fast Bits (GFB) will be appearing on the free Subaru Secrets teleseminar with Brett Middleton.

Press Release Body: **MRT Performance** announced that **Brett Turner from Go Fast Bits (GFB)** will be appearing on the free **Subaru Secrets teleseminar** with **Brett Middleton**.

The upcoming call on **Tuesday 15th April 2008** features **Go Fast Bits** who provide a range of innovative and high-quality blow-off valves, boost controllers, pulley kits and short shifters ... all meticulously designed and manufactured from the highest grade materials.

Subaru owners and enthusiasts get the chance to find out exactly what they can do improve the performance of their cars. **SubaruSecrets.com** gives people the opportunity to submit their own unique questions to be answered live on the call.

Announcing the upcoming call, **Brett Middleton, Managing Director for MRT Performance** said *"This innovative teleseminar series gives everyone from the die hard Subaru performance enthusiast to Scooby newbie the chance to hear first hand from highly skilled Subaru performance experts"*.

Customers not only get access to a VIP seat on the live teleseminar call line but also get access to all of the recordings from the previous calls in the series.

With over 22,000 vehicles passing through their doors since 1994, **MRT Performance** is recognized as one of the leading Subaru Performance workshops in the country.

Building on the success of the recent launch of the **3rd Edition of the Subaru Performance Handbook**, **Brett Middleton**, owner of **MRT Performance** is running the fortnightly **Subaru Secrets teleseminar** series to speak to leading industry experts and uncover the insider secrets to getting the best possible performance from any model **Subaru**.
