**Press Release Summary: Three Week Summer Beauty Protocol - Get Skin Fit for Summer with Organic Skin Care. Summer Beauty Tips given by the founder and developer of mod.skin labs**

Press Release Body: **Three Week Summer Beauty Protocol** - Get Skin Fit for Summer. Summer Beauty Tips given by the founder and developer of mod.skin labs

East Granby, CT, June 3, 2008 - Luminous skin is a must for the Summer. To attain that healthy glow the following three week system should be applied. Organic and nutrient-dense treatments are essential in preparing the skin for both in person and an on-camera, show-stopping complexions. mod.skin labs, an eco luxury skin care, suggests the following simple, yet effective protocol:

**Begin the following three week ritual before Summer months hit.**

1. Maintain a clean palate with an effective detergent-free cleanser, to remove debris and makeup.

**mod.skin suggests:** [Daily reVital Cleanser](#) - White Grape and Himalayan Cedarwood. High percentage of White Grape extract for antioxidant protection. Sodium Lauryl Sulfate (detergent) free.

2. Exfoliation is key for vibrance & clarity. A superbly effective, yet curiously gentle, scrub from **mod.skin labs** evicts unwanted debris using powerful Rice enzymes, comforting shea butter, and gentle buffing jojoba beads. 3-4 times a week to increase cellular renewal and achieve bright glowing skin.

**mod.skin suggests:** [The Samurai Scrub](#) - 3-4 X week.

3. Excellent hydration helps to infuse skin with vital nutrients & water.

**mod.skin suggests:** [Weightless Lotion daily](#) - for combo/oily skin. Key features: Green Tea for extreme antioxidant protection. [Crème Nutrifunctional #1 daily](#)- for normal/dry skin. Key features: White Lotus & Norwegian Kelp for ultimate skin nutrition.

### Show-Stopping

### Skin

### Tip:

As a primer before makeup and color, use [The Face Sculpt Serum Excalibur](#) on clean skin. This instantly firming serum cools skin while firming and brightening dull, tired and stressed skin. Infuses the skin with DMAE,

Face Sculpt Serum Excalibur

Blue Green Algae, and Organic Aloe Vera for anti-inflammatory benefits.

**Our**

**mod.skin labs** recognizes the brilliant & abundant resources found in nature. Instead of mimicking these natural elements, or manufacturing lifeless replicas, **Mod.Skin** captures the very essence of rare & exotic earthly flora, in a refreshingly modest skin collection. The unique

series provides skin with complete, biologically-active nutritional support, including amino acids, vitamins, minerals, chlorophyll & other trace nutrients, all while eliminating potentially toxic synthetic additives.

Their commitment to the earth is reflected in their pledge to foster & cultivate a series of projects, to help conserve & restore environmental integrity. Each Product has been expertly designed with function & style in mind. Its sleek & sophisticated aesthetic appeals to both the men & women of "green progressive thinkers," alike. No superfluous packaging. No synthetic detergents, dyes, or fragrances. No Parabens. Always Cruelty-Free
