

New Illustrated Prophecy Study Tool Presents Explosive Present Truth

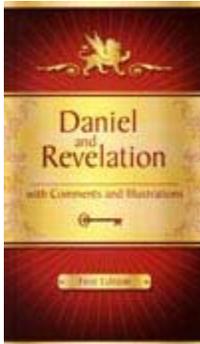

Released on: June 3, 2008, 6:30 am

Press Release Author: **John Davis**

Industry: [Non Profit](#)

Press Release Summary: Orion Publishing has just released a one-of-a-kind witnessing resource that will infuse church evangelism and mission work with power as the world appears on the precipice of perilous times.

Press Release Body: UKIAH, CALIF. **John Davis, director of Orion Publishing**, has announced the release of the widely anticipated **Daniel and Revelation with Comments and Illustrations**, a one-of-a-kind witnessing resource that will infuse church evangelism and mission work with power as the world appears on the precipice of perilous times.

Says Davis, *"This year-long endeavor to create a powerful missionary tool that explains key time prophecies and symbolism is a direct outpouring from the counsel of Ellen White, a pioneer in reaching both the heart and mind of a searching soul. We're certain this is a must-have tool for anyone doing public evangelism, **Bible** studies, and other community outreach."*

The prophecies found in Daniel and Revelation offer a stark portrait of the past, as well as a vivid picture of what's to come in the near

future. By carefully studying these often confusing and mysterious books, and then clearly explaining them to seekers, Adventists have an incredible opportunity to reach hearts with explosive, undeniable truths.

"As we draw closer to the final events, as spiritual history repeats itself," explains Davis, *"We can help Christians of other folds and even new seekers see and experience the light of truth in a way they simply can't ignore."* **Daniel and Revelation with Comments and Illustrations** will cut the knot of difficulty of concerned Christians who desire to understand God's Word and follow Christ.

The compact book, which can fit in a shirt pocket, contains illustrations from **The Illustrated Guide to Bible Prophecy**, an **Orion Publishing** best seller, and brief but eye-opening explanations of prophecies and symbols found in Daniel and Revelation.

More than 120 years ago, **Ellen White** wrote, *"The prophecies of Daniel and Revelation should be printed in small books, with the necessary explanations, and should be sent all over the world."* This is the goal of **Orion Publishing**, who is selling Daniel and Revelation at missionary pricing to get it out by the thousands.
