

TP Toys announce exclusive competitions for Facebook fans

Released on: July 25, 2008, 7:07 am

Press Release Author: [TP Toys](#)

Industry: [Entertainment](#)

Press Release Summary: TP Toys has announced that from August, it will be running competitions exclusive to Facebook fans

Press Release Body: **TP Toys**, the UK's leading manufacturer of children's outdoor play equipment, has announced that it will be running competitions exclusive to those who connect with the TP Toys' group on the social networking site, **Facebook**.

Starting in August, **TP Toys** will offer a range of [outdoor toys](#) as prizes to their fans on **Facebook**, with the first prize up for grabs being a **Spiro Hop**, expected to be the must have outdoor toy for kids and parents across the UK this summer.

An award winning innovation from **TP Toys**, the **Spiro Hop** seesaw differs from the traditional seesaw design in that it goes round and round as well as up and down. The first of its

kind, the Spiro Hop is suitable for children of all different ages and sizes, utilising an ingenious counterbalancing feature to ensure that weight is evenly distributed between those who are playing on the toy. Height adjustment and big, inflatable ball seats also provide safety and comfort and also mean the Spiro Hop can be used indoors on those inevitable rainy days.

To ensure the competition entry procedure is made easily available to **Facebook** users, a special code will be sent to all **TP's Facebook** fans which they can then use to enter the exclusive competitions via the tptoys site.

Fans of **TP Toys** on **Facebook** can not only win some great prizes but they can also find a convenient overview of the company's product range, from swing sets to [climbing frames](#) and many other products in between.

About

TP

Toys:

TP Toys is a UK based outdoor toys manufacturer in Worcestershire, which has been producing goods for almost fifty years. Encouraging active play, **TP** products help growing bodies and expanding minds to explore and develop new skills, on [educational toys](#) which are proven to be high quality, strong and long lasting. **TP** designs and makes the widest available range of top quality outdoor toys in the UK; with more than 200 products. **TP Toys** range includes wooden climbing frames, swing sets, [trampolines](#) and steel climbing frames, all of which are built to last and backed by comprehensive guarantees and after sales care. Over the years **TP Toys** has established a network of independent specialist Centres of Excellence throughout the country. **TP toys** can be purchased from John Lewis and other stockists in the UK and Republic of Ireland, while the new free brochure can be ordered on line.
