**Press Release Summary: In these times of economic uncertainty, an unforeseen expense can send your finances into turmoil. Logbook loans are becoming increasingly popular as a growing number of UK residents take advantage of the instant cash advances and fast approval times. Newly launched logbookloans.tv is here to help...**

Press Release Body: LONDON, UK (12/08/08)- **Logbookloans.tv** launched recently after growing public demand for a safe and easy instant cash advance service that is regulated by government bodies that people in the UK can trust.

The credit crisis and rising levels of inflation have left many UK residents desperately trying to escape from financial difficulties.

Banks are becoming increasingly cautious about lending money and an unexpected outgoing, from a school fee to replacing a broken boiler, can throw a household's finances into chaos, leaving people with no way to pay the bills.

But there is a way out. **Logbookloans.tv** is providing instant cash loans to households trying to get their finances back on course. **Logbookloans.tv** can quickly approve a cash sum from £500 to £50,000 and customers will often receive the money on the day of application!

Credit authority **moneyexpert.com** reports: *"One of the major benefits of logbook loans is that you can often get access to cash on the same day that you submit your application."*

The logbook loan is a short-term fix designed to tide you over in times of emergency. Because the loan is secured against your car's logbook (or V5 registration form) the rate is a lot lower than other unsecured borrowings and you get to keep on driving! Whilst logbookloans.tv holds onto your registration form, the car remains with you until the cash is repaid.

Just fill in one simple online form and you could be receiving an instant cash injection. There's no endless, complicated paperwork and your loan will be ready for collection when you drop off your logbook at any of the hundreds of branches across the UK.

You can rest assured that logbookloans.tv is a completely 'transparent' service, unlike many of our competitors. Our loans come complete with advice on the risks involved in borrowing, reducing the risk to our customers and giving you peace of mind.
