Press Release Body: SACRAMENTO, Calif. (August 20th, 2008) -- **Barry and Kim Brooke** are the envy of their friends and family. Since joining the Global Resorts Network, they've become independent business owners, and now spend much of their time traveling to dream destinations all over the world. Most recently the couple took a trip to the Dominican Republic, one of the many perks of their business. Now back in the United States, and refreshed from their vacation, Barry and Kim are looking for motivated individuals to join their team and begin enjoying the income and lifestyle that only **Global Resorts Network** can promise.

Al Morales, CEO and President of Global Resorts Network and Co-Founder Chuck Tomlin combined their many years of experience and expertise with a 22 year-old successful and Debt-Free vacation membership business, and combined it with an Affiliate program that is second to none! The program launched in 2007 and has already proved to be extremely lucrative for new entrepreneurs. Global Resorts Network specializes in vacation memberships, giving individuals extraordinary benefits without the headaches of ownership. Additionally, the program offers members a unique opportunity to capitalize on the seven trillion dollar travel industry, which, according to economists, is outpacing the global economy by 23% annually.

In April 2008, **Kim and Barry Brooke** were among an elite group of **Global Resorts Network** independent business owners selected to attend the first-ever Global Resorts Network Summit in Phoenix. They had the opportunity to meet **GRN CEO and President, Al Morales** and network with other business owners who have earned extraordinary income by successfully combining their love of travel with their desire for financial independence.

*"It's the American dream to be able to have your own business, make substantial income, and have the flexibility and time to invest in the things that matter most to you, like your family," said **Barry Brooke**. "The fact that we get to travel to the most beautiful destinations in the world at a fraction of the cost that other travelers pay is a huge bonus."*

While most people were cooped up in their offices, wondering if they could even afford a vacation this year, **Barry and Kim Brooke** were enjoying white-sand beaches, impressive mountain ranges, spectacular waterfalls and exotic wildlife in the Dominican Republic. A beautiful island paradise with French, Haitian, Spanish and African influences, the Dominican Republic is known as one of the "jewels" of the Caribbean and is commonly praised for its picture-perfect views, delicious cuisine and endless entertainment options.

The Dominican Republic is just one of many destinations offered through Barry and Kim's luxury travel club membership. Additionally, the couple and their entire family stay in 4 and 5-star resorts for \$298 - \$699 for seven nights, compared to the more than \$20,000 timeshare owners invest in accommodations of the same caliber.

Global Resorts Network members pay a one-time fee of \$3095. There are no blackout dates, fees or hidden costs. And members have discounted access to nearly 6,000 travel destinations in more than 60 countries.

*"The experiences that we have as **Global Resorts Network** team members are unparalleled," said **Kim Brooke**. "But while we love telling exciting stories about our adventures and sharing gorgeous photos from our vacations, we really want people to experience the benefits of **Global Resorts Network** for themselves."*

The **Global Resorts Network** first launched its affiliate program in March 2007. Motivated individuals can earn \$5000 - \$10,000 per week. The program has already produced several millionaires.

*"Our team is changing the lives and bank accounts of so many people from all walks of life," said **Barry Brooke**. "Whether you're a baby boomer exploring ways to earn additional income, or a corporate executive considering transitioning to network marketing, you will be amazed at the level of success you can achieve with **GRN**."*

Global Resorts Network offers a quality product, a lucrative pay plan, a solid company history, and a mentor to guide new members on the path to wealth and opportunity. Join this elite team of "inner-circle entrepreneurs" and reap unparalleled benefits.
