Press Release Body: As one of the most recognized personal check printing brands, Artistic Checks continues to offer customers new classic check designs. The new "Kimono" product suite is a bright addition to the Artistic line with its

display of traditional Japanese flair.

On August 11, 2008, **Artistic Checks** released the new "**Kimono**" product suite through its website, [www.artisticchecks.com](http://www.artisticchecks.com). The personal checks offer four rotating scenes that feature subtle backgrounds of flowers portrayed in the classic Asian style of art. To compliment these backdrops, Japanese figures pose in traditional make-up and beautiful kimonos to match the colors and flowers that are pictured behind them. The address labels feature only the colorful Asian flower designs as backgrounds, but in the same sequence as the checks. With deep blue base colors, the personal contact cards and checkbook cover enhance the artistic white lines and flowers that appear on them.

**Artistic Checks** is always creating new and imaginative check designs that speak to the likes of all customers. The launch of the ethnic "**Kimono**" design is sure to attract first-time and repeat consumers. This pattern adds to the large check design collection that Artistic already offers and gives users one more beautiful option when ordering their accounting tools.
