

Disk Doctors Outlook Repair Tool A Huge Success

Released on: September 17, 2008, 4:40 am

Press Release Author: [Disk Doctor Labs Inc](#)

Industry: [Software](#)

Press Release Summary: Disk Doctors reported that sales of its [Outlook mail recovery](#) and PST repair software sky rocketed due to the strength of the utility to recover in very severe corruptions.

Press Release Body: Atlanta, Georgia - September 15th 2008- Disk Doctor Labs Inc., today announced that **Disk Doctors Outlook Mail Recovery** (.pst) [version 2.0.1 a pst repair](#) software has been a big success since its release in January 2008. Sales included copies sold from **Disk Doctors** authorized online partner's stores, and **Disk Doctors** online store.

Outlook Mail Recovery not only recovers deleted emails, but also repairs corrupt or damaged Outlook files as well as PST files. The email recovery includes recovery of emails, contacts, calendar items, notes, tasks and all other items in Microsoft Outlook.

It surpasses all other comparable applications and is the only one that actually lets you see the recovery results in a viewer before you purchase.

"This software is one of the most important research components that we have been able to deliver, we are happy that the software has

exceeded our expectations in terms of sales and effectiveness" said **Omer Faiyaz VP Marketing & Alliances**.

Pricing & Availability Disk Doctors Outlook Mail Recovery version 2.0.1 is available through the **Disk Doctors Online Store** and **Disk Doctors Authorized Resellers** for a suggested retail price of \$149 (US) for a single user license. Volume and Site licensing pricing options are available from Disk Doctors Sales Department.

Disk Doctors Outlook Mail Recovery (.pst) requires a minimum of 128MB of RAM and is designed to run on WindowsR 2000, XP, 2003, VISTA PC. It supports Microsoft Outlook 2000, XP, 2003 and 2007 versions.

Disk Doctor Labs Inc. is one of the most trusted and respected companies providing data recovery services since 1991 with over 50 dedicated data recovery labs in the world.
