Press Release Body: **The Impressions Collection by Image Checks** features many vibrant and fun designs for collectors and enthusiasts of a wide variety of brands. With offerings like **"Vintage Sodas"** and **"My Little Pony"**, the new

addition of the **Pink Panther** pattern will fit right into the Impressions line! The personal checks feature the Pink Panther in four sleek poses against patterned backgrounds of pink, purple, yellow, and orange.

The designs are very eye-catching and show the true attitude of this lovable character.

The Pink Panther brand has remained well-known and loved for decades. Beginning as a "short," not a full-length film, the **Pink Panther** grew into not only a cartoon series, but also into a movie franchise that features many celebrity superstars in lead roles. With the most recent movie release in 2006 and an upcoming one in 2009, both starring Steve Martin, the **Pink Panther** continues to capture the love and laughter of many generations.

Our transformation of this fun loving character from the big screen to a product suite launches on July __, 2008 through the company's website, www.imagechecks.com. The self-adhesive address labels will mirror the designs of the checks, while the personal contact cards and checkbook cover will feature only one picture of the cool cat.

Through the Impressions line, **Image Checks** is able to further please its customers with specific designs that appeal to enthusiasts of many brands. **The Pink Panther** product collection is only one more way to enhance the Impressions collection.
