Press Release Body: Get a passport to the world with the New, Condo, Hotel & Cruise Concierge Cards. With this golden opportunity you get deluxe accommodations around the globe with no pesky time share meetings, or other sales gimmicks. Best of all you can become a **Concierge Card** representative and earn money for each card sold, says **Master Distributor Carlos Acosta**. Carlos says, these cards offer benefits that are far reaching as the rooms available with each use often come with full kitchens and other luxury benefits.

With the **Concierge Cards** you become a world traveler whether it's for business or pleasure and you do it in style. Stay at the best hotels at a single flat rate. The Condo Card offers the same great values on family vacations in beautifully appointed condominiums with the 'face value' of the card chosen provides that discount on some of the most expensive accommodations around the world. You can purchase the cards separately or as a package with the 'Cruise to Cash USA' program that offers even greater savings for participants. 'Cruise to

Cash USA' members get extremely reduced prices on the value of each card, purchase additional cards at those same reduced rates and resell them for face value profits. With these savings you can make hundreds of dollars on each card sold.

For extra value you will receive one cash rebate when you use your Condo Concierge Card, up to \$900. Your vacation could be FREE after all discounts and rebates are applied. That is a value that cannot be ignored: free vacations in the world's most luxurious hotels and condos plus the chance to make hundreds of dollars on the sale of the **Concierge Card**. With thousands of Californians out of work the Concierge Card program gives back to the community in the best way possible, by providing a way for those that are out of work to get back on their feet with no money required and treat their family to wonderful vacations as well.
