

Casino Riva has just announced its new version

Released on: October 30, 2008, 5:38 am

Press Release Author: acf

Industry: [Entertainment](#)

Press Release Summary: France – October 29th, 2008 - Casino Riva, one of Europe's leading online gaming companies, announces its new version today. The main innovation offers an easier access for everyone to the new version in French, English, Spanish and Italian.

Press Release Body: **Casino Riva** worked on new graphics to get still closer to a real casino room, more efficient and faster internet browsing has been updated for more accessibilities. The website's colours remain sweet to stay in a pleasant atmosphere and allow the players a moment of true relaxation. The button's access to security, payments, responsible gaming and support in the front page are bigger for more visibility and easier access.

This new version offers more games, over 280 exciting ones, which range from slot machines to American Roulette. Games have been added with more options and surprises to get bigger winnings online. These updates make Casino Riva's new version, one of the most successful and reliable sites of the market.
