Press Release Body: (WASHINGTON, D.C.)—As John McCain continues his run for the White House, a former Capitol Hill insider is making public an explosive revelation: John McCain is in league with a transnational, Israeli-backed criminal syndicate.

In *Guilt by Association: How Deception and Self-Deceit Took America to War*, Jeff Gates, former counsel to the U.S. Senate Committee on Finance, chronicles the American government's decades-long descent into corruption and treason, culminating in this year's presidential election while the nation is waging a war for Greater Israel.

According to Mr. Gates, politicians backed by organized crime—McCain among them—have orchestrated the nation's decline in the pursuit of a Zionist agenda. Ongoing offenses that can be attributed to McCain and his co-conspirators include:

- Supporting Russian oligarchs—the bulk of whom qualify for Israeli citizenship—who stole hundreds of billions of dollars from their own people.
- A hostile stance toward the Russian government, reigniting Cold War tensions.

- Meeting abroad with a Russian mafia boss banned from the U.S.
- Links between McCain's political career and senior operatives of transnational organized crime spanning two decades.
- McCain's complicity in his father's cover-up of Israel's murder of thirty-four Americans aboard the USS Liberty in 1967.

"The facts confirm that this war-hero politician was picked, prepped and promoted as only the latest in a series of corrupt presidential candidates," says Mr. Gates, whose book is endorsed by Ambassador Edward L. Peck, Congressman Paul Findley and M.I.T. professor Noam Chomsky.

The first book in the upcoming Criminal State series, Guilt by Association chronicles how a trans-generational criminal syndicate affects American politics through agents and "assets" within the government itself—including lobbyists, members of Congress, Congressional staff and even presidential candidates. "This syndicate is to blame," says Mr. Gates, "for offenses ranging from the war in Iraq to the current financial crisis."

A widely acclaimed author, lawyer, investment banker, political advisor and consultant to government, corporate and union leaders worldwide, Jeff Gates is also a former counsel to the U.S. Senate Committee on Finance. His previous works include Democracy at Risk: Rescuing Main Street From Wall Street and The Ownership Solution: Toward a Shared Capitalism for the 21st Century. Endorsers for these books include CEOs, heads of state, legislators, commentators and Nobel laureates in peace and economics.
