**Press Release Summary: This first book in the Criminal State series documents efforts spanning six decades that were designed to manipulate the U.S. military in pursuit of goals to which an informed American public would not have agreed.**

Press Release Body: (WASHINGTON, D.C.) In a blockbuster new book, a former counsel to the U.S. Senate documents how the Israel lobby led the effort to take America to war in pursuit of Tel Aviv's expansionist agenda. This searing indictment of the American Israeli Public Affairs Committee (AIPAC) depicts Washington's most powerful lobby as a nest of foreign agents working against America's interests in the Middle East.

This first book in the **Criminal State** series documents efforts spanning six decades that were designed to manipulate the U.S. military in pursuit of goals to which an informed American public would not have agreed. Instead of giving Americans a choice, Tel Aviv imbedded its operations inside the U.S. foreign policy apparatus while falsely insisting that AIPAC was a domestic lobbying organization.

Indifferent to party affiliation, AIPAC is shown to infiltrate both political parties as it imbeds pro-Israelis in policy-making positions across successive presidencies, both Democrat and Republican. Written to "make treason transparent," **Guilt By Association** reveals how Zionist operatives manipulated U.S. policy since well before Israel's founding in 1948.

**Author Jeff Gates** presents a richly nuanced account of insider treason and transnational criminality that remains ongoing while the U.S. is at war. By chronicling how Israel wages war by way of deception, the author documents the sophisticated espionage operations that deceived America to wage war in Iraq and now seeks to expand that war to Iran.

With 80 pages of endnotes, **Guilt By Association** combines scholarly research with vigorous advocacy to reveal the inner workings of a transnational criminal syndicate, laying the groundwork for wide-ranging indictments. Based on the consistency of Israeli duplicity over multiple decades, **Guilt** argues that lawmakers worldwide must revisit the legitimacy of Zionism as a basis for sovereignty.

A widely acclaimed author, attorney, investment banker, educator and consultant to government, corporate and union leaders worldwide, Jeff Gates' previous books include *Democracy at Risk: Rescuing Main Street From Wall Street* and *The Ownership Solution: Toward a Shared Capitalism for the 21st Century*. Endorsers for these books include CEOs, heads of state, legislators, educators, commentators and Nobel laureates.
