Press Release Author: [uCertify.com](http://uCertify.com)

Industry: [Computers](#)

**Press Release Summary: uCertify, a leading provider of exam preparation software for IT certification exams, today announced huge discount of 37.23% on the entire range of its practice tests. This discount offer is valid only until Sunday, November 30th, 2008. uCertify also offers unconditional 100% money back guarantee, on all its products. You will pass or we will return your money.**

Press Release Body: **uCertify**, a leading provider of exam preparation software for IT certification exams, today announced huge discount of 37.23% on the entire range of its practice tests. This discount offer is valid only until Sunday, November 30th, 2008. uCertify also offers unconditional 100% money back guarantee, on all its products. You will pass or we will return your money.

"You can now purchase uCertify practice tests for MCSE, MCITP, MCTS, SCJP, A+, CIW, OCP and other certifications and save 37.23% on the regular price. This is the lowest price of the year and you are advised to take advantage of this limited period opportunity now," said **Mark Smith, Director, Product Management, uCertify.**

He further added, *"We not only guarantee your success in getting certified, but also equip you to truly understand the subject. This will give you a competitive edge over those who are paper certified but not qualified enough to use their skills on the job."*

While discussing the new and unique **"Study Helper"** feature, Mark added, *"It's a great new feature. Especially if you don't know from where to start your preparation or you are confused by too much information. Our new 'Study Helper' feature gets you started on the right foot and helps you progress methodically towards preparing for the actual exam. It helps you navigate systematically through study articles, tips, quizzes, practice tests and more."*

The **uCertify PrepKit** is interactive software, which helps users learn and practice in real exam conditions. It tracks their progress to ensure success by identifying their weakness. It comes with features such as practice tests with challenging questions, study notes, articles, exam tips and "how tos" so that users can understand the key concepts and skills required not only for passing the exams, but also to be successful in their professional career after the exams.

**uCertify PrepKits** come complete with interactive pop quizzes and flash cards that help users understand technical terms and definitions. Users can also bookmark and annotate study materials for future reference. Tagging feature allows users to organize study material according to their preference and helps them concentrate on specific areas requiring attention. Users can also rate study material and discuss with other users.

Our PrepKit was recently reviewed by Richard Costall (MVP, MCSD.NET). Richard found our PrepKit was beneficial and great help in learning the subject. He wrote "If you pass, it was a good investment. If you fail you get your money back – either way you come out smiling." Richard has over 19 years development experience and works for 1st Software, a Microsoft Gold Partner, and the UK's leading software solution provider for financial sector.
