Industry: [Real Estate](#)

Press Release Summary: Sente Mortgage Productivity Expert Kenton Brown and National Speaker Kenn Renner from BuyAustin.com present Business Boot Camp For Austin Area Real Estate Professionals beginning at the end of January. The cost is free, but you must RSVP for the seminar at www.TheHighwaySeminar.com.

Press Release Body: Austin Texas – January 17, 2009 - It is a fact that some of the greatest opportunities for success are going to soon be found by those who prepare and plan now to dominate market share as others leave the business. This business workshop will help set a foundation for success no matter what the economic conditions.

Two of Austin's top real estate and finance industry professionals, will present this free business boot camp on Thursday, January 29th from 1 - 5 P.M. at the Gracy Title North Austin location. The seminar presentations will cover key strategies to help professionals succeed in today's extremely competitive and constantly changing market. Highlights of the seminar:

- New and fresh approaches to goal setting and time management will be discussed.
- A detailed entrepreneurial budgeting proforma and spreadsheet template will be shared detailing the cost of attaining an autonomous (financially free) life.

The workshop format will help attendees explore and re-explore their dreams, goals and visions for a preferred future. The seminar will uncover the very real potential of "autonomy" - a life of financial freedom and clarity. The workshop will share proven systems for achieving autonomy through a habit of practicing disciplines broken down into daily sales activities and data base management.

Setting your goals is just the beginning. After your budget is analyzed, a business and personal AMPR (Average Minimum Profitability Requirement) can be determined. Once the AMPR number is calculated, you can determine what you have to do each day to achieve financial freedom. Although the dollar requirements to cover our expenses, live a prosperous life and cover our retirement can seem daunting at first, the practice of strategic planning and action steps can and will propel entrepreneurs towards autonomy. Those that don't plan or take action are almost sure to fail.

There will be opportunities to network with fellow professionals both before and after and workshop.

The business planning boot camp and networking workshop will be held on Thursday, January 29th at Gracy Title Company, 4501 Spicewood Springs, Suite 1000, Austin, Texas, 78759 from 1 P.M. to 5 P.M

The cost is free, but you must RSVP for the seminar.
